Experience

Ecommerce Site Design Project
Project at COLAB Academy
april 2024 - june 2024

- Designed an ecommerce site using Figma.
- Focused on creating user-friendly navigation and a visually appealing interface.
- Conducted user research to understand target audience needs and incorporated findings into the design.

Co-working Space Dashboard Project
Project at COLAB Academy
june 2024 - august 2024

- Created a dashboard to track guests, free rooms, and reservations.
- Enhanced user experience with intuitive design and clear visuals.
- Utilized design thinking principles to solve usability issues.

Portfolio Site Design Project
Self-initiated Project
july 2024 - august 2024

- Designed and developed a portfolio site to showcase my UI/UX design projects and skills.
- Created a comprehensive gallery with detailed project descriptions and high-quality images.
- Integrated an intuitive contact form to facilitate direct communication with potential clients and collaborators.
- Implemented visitor analytics to track engagement and interactions with the site.
- Enhanced user experience with a sleek, dark-mode interface that is both visually appealing and easy to navigate.
- Applied design thinking principles to ensure a user-friendly and aesthetically pleasing design.
- Focused on responsive design to provide optimal viewing on various devices, including desktops, tablets, and smartphones.
